WITH CELLULOSE

100% RECYCLABLE

WWW.KOZIOL.DE

koziol
Made in Germany

Die ökologische Kollektion mit Zellulose: 100% reines Material, 100% recycelbar, extrem langlebig, ohne Schadstoffe, lebensmittelecht, geschmacksneutral und spülmaschinengeeignet. Das neue Material besteht aus thermoplastischem Kunststoff und einem organischen Füllstoff aus natürlicher Zellulose. ORGANIC ist dennoch kein Compound, sondern nach wie vor reiner Kunststoff, der problemlos zu 100% recycelt werden kann. Die Produkte sind absolut lebensmittelecht, BPA-frei, spülmaschinenfest bis 100°C und besonders hygienisch im Gebrauch. Alle Produkte sind garantiert frei von Melaminformaldehydharzen, Weichmachern oder BPA, weder bei der Herstellung noch im Gebrauch entstehen gefährliche Schadstoffe.

## KOZIOL ORGANIC COLLECTION

The organic collection with cellulose: 100% pure material, 100% recyclable, extremely long-lasting, free of harmful substances, and food- and dishwasher-safe. The new material consists of thermoplastics and an organic filler made of natural cellulose. Nevertheless, ORGANIC is not a compound, but still pure plastic that can be 100% recycled.

The products are absolutely food- and dishwashersafe up to 100°C and particularly hygienic to use.
All products are guaranteed to be free of melamine-formaldehyde resins, softeners or BPA, and no harmful substances are produced during manufacturing or in use.

# »BUDDY 0,5

Design by koziol werksdesign

**Snackpot with insert and lid 500ml**

Dimensions **104 x 104 x 140 mm**
**4.09 x 4.09 x 5.51 in.**

Gift Box

The compact container is ideal for yoghurt, muesli, veggie sticks or even salads. Inside the container is an additional insert for fruit or nuts. This way, all the ingredients are kept neatly separated from each other and are only mixed together right before it's time to eat. Thanks to the sealing ring, the container stays absolutely airtight and makes BUDDY the perfect companion for the day. Homemade food to go is in – it's inexpensive, tastes better and makes the environment happy because you save a lot of disposable packaging.

Design by koziol werksdesign

**Lunch Box Set + Cutlery Set**

Dimensions **232 x 166 x 62 mm**
**9.13 x 6.54 x 2.44 in.**

Banderole

PASCAL READY is the intelligent system for good food on the go. The system is well thought out, and the three boxes can be nested easily in one another. Salad, wraps, fruit, nuts, veggie sticks and croutons can be neatly separated so food remains appetizing until consumed. The compact KLIKK cutlery set which finds its place in the large box is the perfect companion for the lunchbox set. Thanks to the modular system, your own bento box can be reconfigured every day and adapted to the recipe of the day!

## »PASCAL MINI

3144
PU 6

Design by koziol werksdesign

**Lunch Box**

Dimensions **96 x 70 x 52 mm**
**3.78 x 2.76 x 2.05 in.**

The practical addition to the lunch box concept PASCAL – because sometimes, less is more. PASCAL MINI stores fruit, veggie sticks, nuts and cookies and fits perfectly into its bigger relatives. Food is properly separated, ensuring nothing gets in the way of maximum indulgence. And if it's just for a little snack on the go, then PASCAL MINI works well on its own.

Design by koziol werksdesign

**Egg Box**

Dimensions **277 x 118 x 73 mm**
**10.91 x 4.65 x 2.87 in.**

Sticker

EGGS TO GO is perfect for shopping at the farmers market. It safely transports up to 10 eggs, saving a lot of disposable packaging. The carton has a practical clip closure for easy opening and closing and the shock-resistant material reliably prevents eggs from being damaged or crushed. The cartons can easily be stacked in the refrigerator, leaving valuable space for more groceries!

koziol
Made in Germany

From small to large, from flour, muesli, sugar, tea and coffee to the cookies you eat with them – PRINCE has space for everything that that tastes best when stored airtight. Thanks to its tightly fitting lid, even liquids can be stored in it without any problems and makes PRINCE the ideal companion for shopping for unpackaged food. The containers come in clear material, so you can see what's inside right away and don't have to search for long. The colored lids also help to distinguish them. PRINCE is available in three sizes; all containers are stackable and can be combined with one another.

# »NAPOLI

Design by Elke Cisarz, Hofheim

**Spaghetti Fork & Spoon Set**

Dimensions **14 x 44 x 212 mm**
**0.55 x 1.73 x 8.35 in.**

Flow pack with Inlay Card

NAPOLI is the ultimate tool set for practical pasta fans. Every Italian knows that spaghetti dishes are only authentic when the longest of the long noodles are served in a shallow bowl. All that's missing are the right utensils to wind up the pasta. This is where NAPOLI comes in: the rounded handles make it easy to twirl the fork, whose prongs then revolve safely inside the dedicated indentation in the spoon. Che bello!

## »SNAP 2.0

Design by koziol werksdesign

**Cutting Board**

Dimensions **492 x 278 x 8 mm**
**19.37 x 10.94 x 0.31 in.**

Sticker

First cut, then fold. This archetypal cutting board now boasts a new folding function as one of its intelligent design features. It can be folded in the middle and its contents funneled safely into a bowl or saucepan. Thanks to its professional dimensions, SNAP 2.0 allows all the ingredients to be chopped, cut and collected in one place. What's more, it makes the perfect platform for slicing roasts and dividing up cakes as well. A large handle for easy gripping and lifting, a channeled rim that traps liquids and a knife-friendly surface make SNAP 2.0 a perfectly designed solution.

668 669 670 671 676

## »SNAP S

Design by Thomas Junk & Franziska Fuchs, München

**Cutting Board**

Dimensions **331 x 166 x 5 mm**
**13.03 x 6.54 x 0.2 in.**

Sticker

Even in a smaller format, the SNAP cutting board is a big help in any kitchen. The compact size makes it especially handy and the functional design turns chopping chores into fun. SNAP S neatly folds in the middle – and hey presto! Herbs, onions and veggies are safely on their no-spill way into the cooking pot. The edge is designed with a strategic slant, making it easier to pick up and transport ingredients. Thanks to the indestructible plastic construction, knives will stay sharp and last longer.

## »CLUB

Design by koziol werksdesign

**Butter Dish**

Dimensions **120 x 165 x 69 mm**
**4.72 x 6.5 x 2.72 in.**

CLUB marries form and function for the best of both worlds. The transparent lid can be turned over and fitted firmly on the base – allowing practical, stylish serving with just a flick of the wrist. Now it's also easy to cut the butter into neatly sized portions: the slightly elevated base ensures that knives will not slip or get stuck. And, needless to say, the CLUB butter dish is also dishwasher safe. Fits standard-size 250 gram packages.

## »CLUB PITCHER

Design by koziol werksdesign

**Superglas Pitcher 1,5l | 50 ¾ oz.**

Dimensions **193 x 122 x 252 mm**
**11.81 x 10.43 x 10.83 in.**

The stackable pitcher. This voluminous pitcher can hold up to 1.5 liters, looks beautiful and the best part: it's really stackable! Finally, no more question of where to store your pitchers – because we all know, it's nice to have more than one. The robust material is virtually unbreakable and keeps cold drinks cool longer. The lid has two different spouts, keeping ice cubes and lemon slices where they belong – inside. Rotate the lid 90 degrees and the pitcher is tightly sealed, protecting from insects or dust.

IDEAS FOR FRIENDS SINCE 1927

WWW.KOZIOL.DE

DEL is a family of containers featuring a clean, standout design – and lots of potential under swing lids. From little as a Lilliputian to tall as a tree, its members stand guard proudly around the house and keep track of anything that needs to be under wraps, for hygienic reasons or otherwise. Even used separately, all four DEL siblings demonstrate individual talent. Yet nothing tops teamwork, and a whole selection of sizes and colors is just the thing for dividing and conquering in style!

**Corner Organizer**

Dimensions **192 x 192 x 74 mm**
**7.56 x 7.56 x 2.91 in.**

Hanging card

**5242**
PU 4

Designed to stand in the corner, this practical solution for bathroom clutter is small enough to squeeze into the tiniest shower. Holes in the bottom let water drain out.

**5240**
PU 4

525 535 540 667

## »SPLASH

Design by koziol werksdesign

**Organizer**

Dimensions **95 x 275 x 130 mm**
**3.74 x 10.83 x 5.12 in.**

Hanging card

Now, at last, there's a place to stow all those errant bottles and tubes – and it even has room for a sponge! The cheerful SPLASH organizer will simply stand on horizontal surfaces or attach to bathroom tiles using suction cups. Two small holes in the base allow water to drain. A smart design and splash of color for any bathroom.

## »PLUG'N'ROLL

**5235**
PU 6

Design by koziol werksdesign

**Toilet Paper Holder**

Dimensions **135 x 130 x 130 mm**
**5.31 x 5.12 x 5.12 in.**

Banderole

Dock, plug and go! Toilet paper has never been so 'hands-on' from the get-go. This holder will definitely rock the roll – and it can be mounted on its suction cup in mere seconds wherever desired. No drilling, no cracked tiles, no mess! What's more, it can easily be repositioned at any time. For a more permanent solution, PLUG'N'ROLL can also be attached with screws.

535 540 667

## »RIO

**5048**
PU 4

Design by koziol werksdesign

**Toilet Brush**

Dimensions **104 x 104 x 460 mm**
**4.09 x 4.09 x 18.11 in.**

The RIO toilet brush is an elegant basic that blends harmoniously with almost any bathroom decor. Its purist shape is both timeless and modern; its look subtle yet smart. The ideal gift for sophisticated design aficionados. Replacement brush heads are also available, aiding sustainability.

535 540 667

## »LOOP

Design by koziol werksdesign

**Soap Dish**

Dimensions **90 x 140 x 90 mm**
**3.54 x 5.51 x 3.54 in.**

Hanging card

LOOP is smart in every way and ideal for bathromms. And thanks to its intelligent design, the oval dish detaches from the suction fixture for easy cleaning. LOOP also looks great harmonizing in the bathroom with the companion LOOP toothbrush holder.

**5827**
PU 4

535 540 667

## »LOOP

Design by koziol werksdesign

**Toothbrush Tumbler Holder 300ml**

Dimensions **80 x 72 x 175 mm**
**3.15 x 2.83 x 6.89 in.**

Hanging card

Bathroom too small? LOOP comes to the rescue with a suction cup that attaches directly to tiles. The slim cup will keep toothbrushes - and toothpaste - high and dry. Both the cup and the holder are sturdy and indestructible, and can be taken off for cleaning. For a permanent solution, LOOP can also be attached with a screw.

## »TOMMY

Design by F. Person, J. Hansen, Darmstadt

**Toothbrush Holder**

Dimensions **32 x 47 x 57 mm**
**1.26 x 1.85 x 2.24 in.**

Even toothbrushes like to hang loose now and again. With legs outstretched, TOMMY provides sturdy support and plenty of air circulation. A fast and space-saving solution – especially in small bathrooms.

## »BUNNY

**5650**
PU 6

Design by F. Person, J. Hansen, Darmstadt

**Wall Hook**

Dimensions **42 x 105 x 90 mm**
**1.65 x 4.13 x 3.54 in.**

Hanging card

BUNNY is hippity-hoppity at home in any bathroom. The rabbit's sturdy hind legs are extended to hold towels and facecloths. The practical hook comes complete with two strong suction cups that make mounting a snap – no drilling required! What's more, it can be repositioned easily and at any time.

535 540 653

## »SVEN

**3902**
PU 6

Design by Seventh Sense / koziol werksdesign

**Wall Hook**

Dimensions **43 x 155 x 60 mm**
**1.69 x 6.1 x 2.36 in.**

Hanging card

With sturdy SVEN in the shower, finding your facecloth is a snap. The practical wall hook with its antlers held high can be attached to any smooth surface in the wink of an eye – and repositioned at any time. But SVEN can do more than just hang around in the shower. Thanks to its two heavy-duty suction cups, it can even handle large towels.

535 540 653

## »MORITZ

**3901**
PU 6

Design by Seventh Sense, Milano

**Wall Hook**

Dimensions **30 x 34 x 87 mm**
**1.18 x 1.34 x 3.43 in.**

Hanging card

MORITZ is bound to hook both young and old with his cheeky FUNctionality! This cute little fellow with his Elvis look sticks out his legs to hold towels and facecloths. He may be small, but he comes equipped with a big-time suction cup that will glom onto all smooth surfaces in the blink of an eye – and can easily be repositioned when needed. Ideal for families: every member has a hook at the right height!

## »MIAOU

Design by koziol werksdesign

**Toilet Paper Holder**

Dimensions **132 x 127 x 127 mm**
**5.2 x 5 x 5 in.**

Banderole

**5231**
PU 4

Cats instinctively love to cavort and frolic around, but the MIAOU toilet paper holder is a truly cool and relaxed cat. If you want, there's no need for dirty drills: MIAOU also easily attaches to tiles with a suction cup. So it can be easily detached for spring cleaning – or even moving house! To change the roll, the decorative head simply pulls off.

540

## »MIAOU

Design by koziol werksdesign

**Toilet Brush**

Dimensions **130 x 130 x 436 mm**
**5.12 x 5.12 x 17.17 in.**

**5017**
PU 4

As everyone knows, cats are clean and finicky animals, and the MIAOU toilet brush is no exception. The eye-catching, ergonomically designed handle holds a replaceable brush head, while integrated drainage in the base allows the brush to dry between uses.

526

## »MIAOU

Design by koziol werksdesign

**Spare Roll Holder**

Dimensions **128 x 128 x 369 mm**
**5.04 x 5.04 x 14.53 in.**

**5221**
PU 4

Even the tamest member of the cat family is a predator, which is why MIAOU sinks his claws into the task of keeping spares at the ready. MIAOU will hold two rolls of toilet paper, and more can be added anytime by simply removing the head. The fun, unusual design is a breath of fresh air, even somewhere as mundane as a bathroom.

koziol
Made in Germany

## EXTRA TIPPS
## ADDITIONAL TIPS

Und damit auch alles glatt läuft, noch ein paar Tipps extra:

Sofern es die Größe zulässt, bitte die Produkte vorzugsweise im oberen Spülkorb spülen. So werden Verformungen am besten vermieden. Produkte immer spannungsfrei in die Spülmaschine einlegen. Sollte ein Produkt sich dennoch verformen: Beim nächsten Spülen findet es meist in seine ursprüngliche Form zurück, denn Kunststoff hat ein sogenanntes „Gedächtnis".
Stark färbende Lebensmittelreste vor dem Einräumen in die Spülmaschine kurz mit klarem Wasser abspülen. Vermeiden Sie Spülmaschinendeodorants oder Geruchsentferner, da diese zu Verfärbungen führen können. Darüber hinaus auch die Pflegehinweise der jeweiligen Spülmaschine beachten.

But to make sure that everything comes out of the machine looking just like new, here are a few additional tips:

Where size permits, please wash products in the top rack. This reduces any risk of warping. Give products ample space inside the dishwasher. Do not squeeze them into tight spaces. Products may occasionally warp during washing, but they will usually return to their original shape after the next wash – because plastic has a built-in „memory."
To avoid contamination or discoloration, we recommend rinsing all dishes with clear water to remove any remaining food before putting them in the dishwasher. Avoid using dishwasher deodorizers or odor neutralizers as these may cause discoloration. And always carefully observe the care instructions provided for your dishwasher.

# The koziol Sustainability Guarantee

**„Not facts, instead opinions about facts determine our coexistence."** Epictetus

### Is it possible to buy plastic today with a good conscience?

It is. You even have to, if you want to be live responsibly and happily. Plastic is the modern material. It has undeniably made our lives easier, more democratic and more hygienic.
Without plastic there would be no cars, no airplanes, no mobile phones, no computers, no modern medicine, no prosthetics, no pacemakers, no intensive care units, no science... plastic is the material of the 21st century.
Worldwide, there is no material that is just good or just bad and certainly not just sustainable. Even natural materials aren't always the best choice – just think: monoculture, pesticides, high water consumption.
With each new product development, the most sustainable material for the use of this product has to be chosen and utilized economically. It's about time to rethink, show more appreciation and a more differentiated consideration to different materials. Because not all plastics are alike.

### The Material

koziol focuses exclusively on thermoplastics, which are 100% recyclable. Thermoplastics are the most environmentally friendly materials on the market. Not only are they food- and dishwasher-safe, production is also done without any harmful additives like formaldehyde or softeners. In the production process of thermoplastics, 90% less energy is used compared to the production of glass, ceramics or aluminum.
It is of course no surprise that on many occasions koziol has received scores of "very good" from the German consumer magazine ÖKOTEST.
Plastic is too valuable to just throw out. This is why koziol manufactures long-lasting and genius products, for which no other material would be suited. Good design with a clear conscience.

### Design & Function

Already in the design phase, great attention is being paid to sustainability – focus lies on the longevity of the products.
And not only because of their unique combination of function and emotion, products made from thermoplastics are used year after year, thus proving their ecological advantage.
koziol never makes one-time use products, but rather companions for life. koziol products are robust, lightweight, unbreakable, ergonomic, and suitable especially for children and seniors thanks to their easy handling. Thermoplastics are virtually unbreakable and lightweight, demonstrating a huge advantage over materials like ceramics, glass or metal!
Resource conservation is also considered in the design phase: Construction in one-piece, optimized wall thickness, and short cycle times allow for efficient and energy-saving manufacturing.

### Made in Germany

koziol has been manufacturing products since its founding in 1927 exclusively in Erbach/Odenwald in Germany. Design, development, construction, mold making, manufacturing, shipping and administration all under one roof.
koziol and its philosophy of manufacturing exclusively in Germany represent a responsible, future-oriented corporate strategy and design with a good conscience. Made in Germany was and remains an essential part of koziol's successful philosophy.
koziol has been producing exclusively with green energy since January 1, 2013, saving around 1,276 tonnes of $CO_2$ annually.
German raw material suppliers are preferred and manufacturing under one roof rule out long transport routes. For the logistics of finished goods, koziol cooperates with a worldwide partner company who shares its strict sustainability principles.

### Social Responsibility

koziol manufactures exclusively in Germany, therefore abiding by strict German labor and social laws. The safeguarding of jobs, performance-related pay, opportunities for the acquisition of skills as well as the possibility for parents to work part-time are all natural components of koziol's company culture.
Great importance is also placed on apprenticeships – currently seven apprentices are being trained in various departments.
This secures a base of well-educated experts and guarantees the company to be sustainable for the future.

STEPHAN KOZIOL

# Das koziol Nachhaltigkeitsversprechen

**„Nicht Tatsachen, sondern Meinungen über Tatsachen bestimmen das Zusammenleben."** Epiktet

### Kann man Kunststoff heutzutage denn noch guten Gewissens kaufen?

Man kann. Man muss es sogar, wenn man verantwortungsvoll ist und das Leben liebt. Kunststoff ist das Material der Moderne.
Es hat unser Leben einfacher, demokratischer und hygienischer gemacht. Ohne Kunststoff gäbe es kein Auto, kein Flugzeug, kein Handy, keinen Computer, keine moderne Medizin, keine Prothese, keinen Herzschrittmacher, keine Schutzkleidung, keine Intensivstation, keine Wissenschaft - Kunststoff ist das Material des 21. Jahrhunderts.
Weltweit gibt es kein Material, dass von vornherein nur gut oder schlecht oder nur nachhaltig ist. Auch Naturmaterialien – Stichworte: Monokultur, Pestizide, Wasserverbrauch - sind nicht generell die bessere Wahl. Bei jeder Produktentwicklung gilt es vielmehr, das für den Einsatzzweck jeweilig nachhaltigste Material auszuwählen und dieses ökonomisch einzusetzen.
Es ist an der Zeit, umzudenken und Werkstoffen mehr Wertschätzung und vor allem eine differenziertere Betrachtung entgegen zu bringen. Denn auch Kunststoff ist nicht gleich Kunststoff.

### Das Material

koziol setzt aus Überzeugung ausschließlich auf thermoplastische Kunststoffe, die zu 100% recycelbar sind. Thermoplaste sind die umweltfreundlichsten Materialien, die es auf dem Markt gibt. Sie sind lebensmittelecht, spülmaschinenfest und sie kommen bei der Verarbeitung ohne jegliche Zusätze wie Formaldehyd oder Weichmacher aus.
Bei der Verarbeitung von Thermoplasten wird bis 90% weniger Energie verbraucht als beispielsweise bei der Herstellung von Glas, Keramik oder Aluminium. Durch die ressourcenschonende Herstellung ist Kunststoff das derzeit ökologisch und ökonomisch sinnvollste Material auf dem Markt.
Das Verbrauchermagazin Ökotest nahm bereits mehrfach koziol Produkte unter seine sehr strenge Lupe und vergab durchgehend ein „Sehr Gut".
Kunststoff ist viel zu wertvoll, um ihn einfach wegzuwerfen. Deshalb produziert koziol langlebige und geniale Produkte, für die kein anderes Material auch nur annähernd so sinnvoll wäre. Gutes Design mit gutem Gewissen.

### Design & Funktion

Bereits beim Design wird auf Nachhaltigkeit geachtet.
Im Vordergrund steht immer die Langlebigkeit der Produkte. Nicht zuletzt durch die einmalige Verbindung aus Funktion und Emotion werden sie gerne über Jahre und Jahrzehnte eingesetzt und zeigen dadurch ihren ökologischen Nutzen.
Es sind niemals Einwegprodukte, sondern langlebige Lebensbegleiter, die für eine sinnvolle Nutzung von Kunststoff stehen.
Sie sind robust, leicht, unzerbrechlich, ergonomisch und durch ihr einfaches Handling auch für Kinder und Senioren gut geeignet.
Vor allen in puncto Unzerbrechlichkeit und Leichtigkeit ist Kunststoff gegenüber Materialien wie Keramik oder Metall unschlagbar!
Auch die ressourcenschonende Herstellung wird bereits beim Design berücksichtigt: Fertigung in einem Stück, optimierte Wandstärken, gute Entformbarkeit und kurze Zykluszeiten ermöglichen eine effiziente und vor allem energiesparende Produktion.

### Made in Germany

koziol produziert seit 1927 ausschließlich am Firmenstandort Erbach/Odenwald in Deutschland. Und das mit einer ungewöhnlichen Fertigungstiefe: Design, Entwicklung, Konstruktion, Formenbau, Produktion, Versand und Administration befinden sich alle unter einem Dach, an einem Ort.
koziol steht dank seiner Philosophie, bis heute alle Produkte ausschließlich in Deutschland zu produzieren, für ein verantwortungsvolles, zukunftsgerichtetes Handeln und Design mit gutem Gewissen. Das Thema Nachhaltigkeit war und ist selbstverständlicher Teil der Unternehmensstrategie.
Seit dem 1. Januar 2013 produziert koziol ausschließlich mit Ökostrom, dadurch werden jährlich rund 1.276 Tonnen $CO_2$ eingespart. Beim Einkauf der Materialien werden Anbieter aus Deutschland klar bevorzugt. Ebenso macht die Herstellung unter einem Dach lange Transportwege überflüssig. Für die Logistik der Fertigwaren kooperiert koziol mit einem weltweit agierenden Partnerunternehmen, das ebenfalls nach strengen Nachhaltigkeitsgrundsätzen arbeitet.

### Soziale Verantwortung

koziol arbeitet selbstverständlich nach strengen deutschen Arbeitsschutzrichtlinien und Sozialgesetzen. Die Erhaltung von Arbeitsplätzen, ein leistungsgerechtes Einkommen, die Schaffung von Qualifizierungsmöglichkeiten sowie ein Angebot von Arbeitsteilzeitmodellen für Eltern sind selbstverständlicher Teil der Unternehmenskultur.
Dazu zählt natürlich auch das Thema Ausbildung. Zurzeit lernen sieben Auszubildende in verschiedenen Berufsbildern bei koziol. Dies sichert eine Basis an gut ausgebildeten Fachkräften und macht das Unternehmen weiterhin zukunftsfähig.
